

ABA THERAPY

Treatment for ASD

What is ABA therapy?

Applied Behavior Analysis (ABA) is a science-backed approach to improving skills, reducing challenging behaviors, and enhancing the quality of life for children with developmental and behavioral challenges.

How our ABA is different

We understand the concerns and stigma that have surrounded ABA in recent years. Our company takes a holistic approach to care that prioritizes the child's overall well-being.

- **Assent-Centered Practices:** Honoring children's voices, promoting mutual trust, and fostering collaboration throughout the therapeutic process.
- **Trauma-Informed Care:** Recognizing and addressing past experiences to create a safe and supportive environment.
- **Focus on Positive Relationships:** Building meaningful connections that support long-term growth and resilience.

How Our ABA Therapy Can Help Your Patients

Comprehensive Support for Families

- **Skill Development:** Builds essential life skills, such as communication, social interaction, and self-care.
- **Behavioral Intervention:** Reduces challenging behaviors through proactive, individualized strategies.
- **Parent Training:** Empowers families to support their child's progress at home and in the community.

Individualized Evidence-Based Care

- **Individualized Treatment Plans:** Every plan is customized to address each child's unique needs and strengths.
- **Focus on Functional Outcomes:** Helping children thrive in school, home, and social settings.
- **Ongoing Progress Monitoring:** Regular data collection ensures effective and measurable results.

Why Choose Us?

Proven Results

Our interventions are grounded in research and supported by measurable outcomes.

Collaboration

We work closely with healthcare providers to ensure continuity of care.

Key Services

In-Home ABA Therapy:

- Parent & Caregiver Training
- Behavior Reduction
- Skill Acquisition

Family-Centered Approach

We provide compassionate care that prioritizes the well-being of the entire family.

Convenience

Scheduling: Flexible scheduling and in-home sessions tailored to family needs.

Insurance: We accept Medicaid and most major insurance plans.
